Core Partner Capabilities

Financial Liquidity

Immediate capacity to clear the one-time franchise fee, plus a sustained reserve for the initial 6–12 months of operational scaling (OpEx runway).

Regulatory Compliance

Robust internal mechanisms to manage national VAT/GST, central bank reporting, and adherence to regional Data Protection Acts.

Physical Infrastructure

Capability to establish, lease, or partner with strategic regional “Pick-up Centers” to ensure frictionless physical fulfillment.

Technical Oversight

Dedicated internal engineering team to manage local API integrations (Mobile Money networks, Local Banks) via the provided Soko infrastructure.

The Selection Scorecard Audit

Mandatory documentation required for the Expression of Interest (EOI) evaluation:

Company Profile

Comprehensive history demonstrating established expertise in retail, logistics, or fintech sectors.

Proof of Capital

Validated bank reference letter confirming liquidity for both the Franchise Fee and the required OpEx reserve.

Market Entry Plan

A concise, actionable strategy detailing the roadmap to achieving the 1% user penetration target in Year 1.

Legal Standing

Official Certificate of Incorporation and current Tax Clearance validated in the target country.
