INTERNATIONAL

Bridging Capital, Innovation, and Global Market Opportunities

YOUR STRATEGIC GATEWAY TO SUSTAINABLE ECONOMIC GROWTH

A Premier Global Management & Coordination Firm

I Link International is a diversified holding entity dedicated to catalyzing sustainable economic growth and institutional excellence. We serve as a critical bridge connecting international capital to emerging market opportunities, specializing in Market Systems Development (MSD), digital transformation, and high-impact strategic investment.

- **Regional HQ:** Kigali, Rwanda
- **Operational Base:** Dar es Salaam, Tanzania

Fostering Innovation in a Borderless Economy

Our Vision

To be the leading global hub for integrated investment and management, driving inclusive growth across both emerging and developed markets.

Our Mission

To provide world-class strategic oversight, operational support, and technical consultancy. We empower partners to deliver high-impact solutions in energy, technology, education, and business development.

Core Philosophy

Institutional Excellence. We are committed to raising standards in every entity we touch, ensuring rigorous governance and sustainable value creation.

An Integrated Operational Ecosystem

I Link International acts as a diversified holding and management entity across four strategic pillars.

Global Consultancy & Corporate Advisory

Optimizing Market Position & Operational Efficiency

Business Development

Growth hacking & feasibility analysis to identify and capture new market opportunities.

Corporate Setup & Restructuring

M&A, legal formation, and organizational redesign.

Outsourcing

Managing non-core functions for operational focus.

Board Representation

Providing seasoned experts for independent oversight.

Strategic Brainstorming

Visioning sessions for executive leadership.

iLink Academy: Accelerating Human Capital

Bridging the Skills Gap for the 4th Industrial Revolution

1. Digital Transformation

Training organizations to move beyond legacy systems and adopt modern digital frameworks.

2. Leadership Transformation

Developing the next generation of global corporate leaders with a focus on emotional intelligence (EQ) and agile management.

3. Advanced Sales Strategies

Result-oriented training designed specifically for high-performance international sales teams.

Strategic Investment & Partnership

Long-Term Value Creation & Asset Management

Equity & Funds

Active participation in Venture Capital (VC) and Private Equity (PE) within high-growth sectors.

IPs & Royalties

Professional management of intellectual property portfolios and generating solution-based royalty streams.

Diversified Assets

Comprehensive management of funds, shares, and life insurance assets across multiple global jurisdictions.
